

Fort Benning Soldier for Life Transition Assistance Program

Duke Energy Lineman Information Sessions and Testing Event

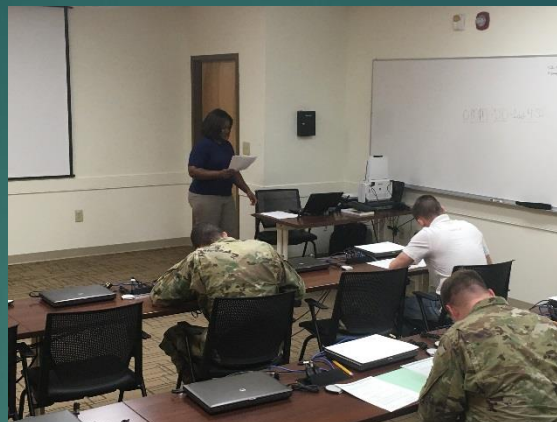

25 October & 3 November 2016

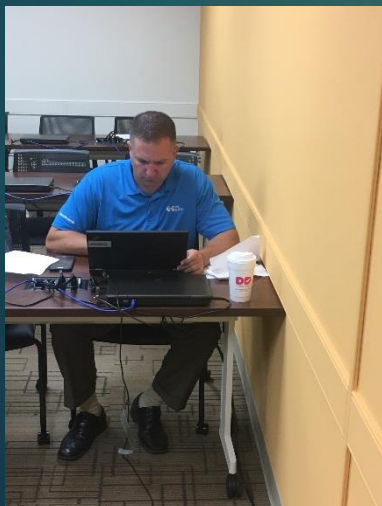

TRANSITION ASSISTANCE PROGRAM
Start Strong • Serve Strong • Reintegrate Strong • Remain Strong

12 transitioning Soldiers from Ft. Benning registered and attended the Duke Energy Lineman Information Sessions presented on 25 October 2016. Duke Energy handed out Construction and Skills Trades Test (CAST) Lineman Test Study Guides during the session.

A total of 7 Soldiers from the Information Session returned on 3 November 2016 to test. Duke Energy flew in a test proctor to administer the tests. 6 of the 7 Soldiers that took the Cast test passed while 2 Soldiers took and passed the Technical Occupations Selection System Test. 2 Soldiers took both tests.

Interviews are the next step for these 6 Soldiers. Soldiers will travel to either Florida or North Carolina (depending on where they choose employment). The Florida interviews will be held the week of November 14th and the Physical Abilities Test will be the week of November 29th. North Carolina interviews will be held the week of November 29th and the Physical Abilities Test will be the first week of January 2017.
